The ornamental design for a television receiver, as shown and described.

(55) Description of images

1. Television receiver;

1.1 is a perspective view of a television receiver showing our new design;;

1.2 is a front elevation view thereof;;

1.3 is a rear elevation view thereof;;

1.4 is a left side elevation view thereof;;

1.5 is a top plan view thereof;;

1.6 is an enlarged perspective view thereof showing the top-right corner portion; and,;

1.7 is an enlarged perspective view thereof showing the bottom-right corner portion.;

The even dash-dash broken lines in the reproductions illustrate portions of the television receiver that form no part of the claimed design. The dash-dot broken lines in reproductions 1.6 and 1.7 are provided for the purpose of indicating the boundaries of the enlargement view and do not represent actual structure or environment.
