

Trademark/Service Mark Application, Principal Register

Serial Number: 88735647

Filing Date: 12/20/2019

The table below presents the data as entered.

Input Field	Entered
SERIAL NUMBER	88735647
MARK INFORMATION	
*MARK	Conniro
STANDARD CHARACTERS	YES
USPTO-GENERATED IMAGE	YES
LITERAL ELEMENT	Conniro
MARK STATEMENT	The mark consists of standard characters, without claim to any particular font style, size, or color.
REGISTER	Principal
APPLICANT INFORMATION	
*OWNER OF MARK	LG ELECTRONICS INC.
*STREET	128, Yeoui-daero, Yeongdeungpo-gu,
*CITY	Seoul
*COUNTRY	Korea, South
*ZIP/POSTAL CODE (Required for U.S. and certain international addresses)	07336
EMAIL ADDRESS	mailroom@bskb.com
LEGAL ENTITY INFORMATION	
TYPE	corporation
STATE/COUNTRY OF INCORPORATION	Korea, South
GOODS AND/OR SERVICES AND BASIS INFORMATION	
INTERNATIONAL CLASS	009
	Computers; Computer application software; Computer software, recorded; Computer software platforms, recorded or downloadable; Computer software platforms for human-machine Interface; Computer software for human-machine interface; Computer interface for automobiles; Human-machine computer interface for cars; Computer programs for user interface design; Interface apparatus for connecting terminal for wireless phones to monitors in cars; Speech recognition software; Communication apparatus attachable to automobiles; Remote control apparatus attachable to automobiles; GPS used in cars; Computer software for GPS; Operating computer software for embedded devices; Computer firmware for operating system programs for use in original

<p>*IDENTIFICATION</p>	<p>equipment manufacturing; Computer software for update, management, development, compression, deployment of software via electronic channels; Computer hardware for driver assistance systems; Computer software for driver assistance systems; Computer application software for sending, receiving and viewing texts, emails, data, information, audio signals, video signals on smartphones, tablet computers, portable computers, telematics terminals; Computer software for monitoring drivers and inside of cars for safety, convenience and personalization; Digital operation recording apparatus for car; Black boxes (data recorders) for cars; Apparatus for reproducing image for cars; Car communication equipment; Electronic driver-interface displays for automobiles; Telematics terminals; Portable communications apparatus; Smartphones; Telecommunication apparatus for use in cars; Augmented reality software for use in mobile devices; Augmented reality software for automobiles; Augmented reality software for creating maps; Graphic display terminals; High definition graphic chipsets; Data processing software for graphic representations; Interactive graphics screens; Downloadable computer software for remote monitoring and analysis; Electronic monitoring instruments, other than for medical use; Electric monitoring control apparatus; Remote monitoring apparatus; Visual monitoring apparatus; Touch screen monitors; In-car monitoring computer software; Intercommunication apparatus; Speech recognition apparatus; Microphones for car attachable communication apparatus; Integrated circuits for use in digital signal processors; Security apparatus for processing audio signals; Computer programs and software for image processing and analysis; Image processing apparatus; Computer programs and software for image processing used for mobile telephones; Downloadable image cloud computing software; Recorded image cloud computing software; Apparatus for measuring electric car line monitoring; Apparatus for measuring traffic lane monitoring; Communications software; In-car monitoring application software</p>

Trademark/Service Mark Application, Principal Register

Serial Number: 88735647

Filing Date: 12/20/2019

To the Commissioner for Trademarks:

MARK: Conniro (Standard Characters, see [mark](#))

The literal element of the mark consists of Conniro. The mark consists of standard characters, without claim to any particular font style, size, or color.

The applicant, LG ELECTRONICS INC., a corporation of Korea, South, having an address of
128, Yeoui-daero, Yeongdeungpo-gu,
Seoul 07336
Korea, South
mailroom@bskb.com

requests registration of the trademark/service mark identified above in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq.), as amended, for the following:

International Class 009: Computers; Computer application software; Computer software, recorded; Computer software platforms, recorded or downloadable; Computer software platforms for human-machine Interface; Computer software for human-machine interface; Computer interface for automobiles; Human-machine computer interface for cars; Computer programs for user interface design; Interface apparatus for connecting terminal for wireless phones to monitors in cars; Speech recognition software; Communication apparatus attachable to automobiles; Remote control apparatus attachable to automobiles; GPS used in cars; Computer software for GPS; Operating computer software for embedded devices; Computer firmware for operating system programs for use in original equipment manufacturing; Computer software for update, management, development, compression, deployment of software via electronic channels; Computer hardware for driver assistance systems; Computer software for driver assistance systems; Computer application software for sending, receiving and viewing texts, emails, data, information, audio signals, video signals on smartphones, tablet computers, portable computers, telematics terminals; Computer software for monitoring drivers and inside of cars for safety, convenience and personalization; Digital operation recording apparatus for car; Black boxes (data recorders) for cars; Apparatus for reproducing image for cars; Car communication equipment; Electronic driver-interface displays for automobiles; Telematics terminals; Portable communications apparatus; Smartphones; Telecommunication apparatus for use in cars; Augmented reality software for use in mobile devices; Augmented reality software for automobiles; Augmented reality software for creating maps; Graphic display terminals; High definition graphic chipsets; Data processing software for graphic representations; Interactive graphics screens; Downloadable computer software for remote monitoring and analysis; Electronic monitoring instruments, other than for medical use; Electric monitoring control apparatus; Remote monitoring apparatus; Visual monitoring apparatus; Touch screen monitors; In-car monitoring computer software; Intercommunication apparatus; Speech recognition apparatus; Microphones for car attachable communication apparatus; Integrated circuits for use in digital signal processors; Security apparatus for processing audio signals; Computer programs and software for image processing and analysis; Image processing apparatus; Computer programs and software for image processing used for mobile telephones; Downloadable image cloud computing software; Recorded image cloud computing software; Apparatus for measuring electric car line monitoring; Apparatus for measuring traffic lane monitoring; Communications software; In-car monitoring application software

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

Priority based on foreign filing: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services and asserts a claim of priority based on Korea, South application number 4020190198349, filed 12/20/2019.

INTENT TO PERFECT 44(d) : At this time, the applicant intends to rely on Section 44(e) as a basis for registration and requests that the application be suspended to await the submission of the foreign registration. If ultimately the applicant does not rely on §44(e) as a basis for registration, a valid claim of priority may be retained.

International Class 035: Compilation and systematization of information in databanks; Database management; Wholesale services of computer software; Retail services of computer software; Wholesale services of computer software and application software for computers/tablets/smartphones/mobile phones/telematics terminals with personal driving assistance function/forward collision warning function/lane departure warning function/vehicle tracking function; Retail services of computer software and application software for computers/tablets/smartphones/mobile phones/telematics terminals with personal driving assistance function/forward collision warning function/lane departure warning function/vehicle tracking function; Wholesale services of computer software for driving assistance systems;

Retail services of computer software for driving assistance systems

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

Priority based on foreign filing: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services and asserts a claim of priority based on Korea, South application number 4020190198349, filed 12/20/2019.

INTENT TO PERFECT 44(d) : At this time, the applicant intends to rely on Section 44(e) as a basis for registration and requests that the application be suspended to await the submission of the foreign registration. If ultimately the applicant does not rely on §44(e) as a basis for registration, a valid claim of priority may be retained.

International Class 042: Development of technologies for the fabrication of circuits for wireless communication, electronic data processing, consumer electronic, automotive electronics; Development of control software for electrical vehicle equipment; Automobile technology research; Research and development of automobile parts; Design of accessories for automobiles; Advisory services relating to relating to human-machine interface for computer software; Safety technology services relating to land vehicles; Graphic design; Machine condition monitoring; Monitoring of network systems; Providing PAAS (platform as a service); Providing access to internet platforms for online contents; Development of software for digital signal processing; Software as a service (SaaS) for sending, receiving and viewing texts, emails, data, information, audio signals, video signals on smartphones, tablet computers, portable computers, telematics terminals; Software as a service (SaaS) for monitoring drivers and inside of cars for safety, convenience and personalization; Software as a service (SaaS) for driver assistance systems; Computer software design and development; Computer software design and updating; Computer software installation and maintenance; Providing platform as a service to be used for development of In-vehicle infotainment system, including frameworks, infrastructure setup, verification and testing as well as vendor specific features; Platform as a Service (PaaS) to be used for development of In-vehicle infotainment system, including frameworks, infrastructure setup, verification and testing as well as vendor specific features; Constructing an internet platform for developing In-vehicle infotainment system, including frameworks, infrastructure setup, verification and testing as well as vendor specific features; Providing information about transmission of online work platform to be used for development of In-vehicle infotainment system, including frameworks, infrastructure setup, verification and testing as well as vendor specific features

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

Priority based on foreign filing: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services and asserts a claim of priority based on Korea, South application number 4020190198349, filed 12/20/2019.

INTENT TO PERFECT 44(d) : At this time, the applicant intends to rely on Section 44(e) as a basis for registration and requests that the application be suspended to await the submission of the foreign registration. If ultimately the applicant does not rely on §44(e) as a basis for registration, a valid claim of priority may be retained.

The applicant hereby appoints Robert J. Kenney. Other appointed attorneys are Chad J. Billings; Paul C. Lewis; Michael K. Mutter; Michael T. Smith. Robert J. Kenney of BIRCH, STEWART, KOLASCH, & BIRCH, LLP, is a member of the XX bar, admitted to the bar in XXXX, bar membership no. XXX, and the attorney(s) is located at

8110 Gatehouse Road, Suite 100 East

Falls Church, Virginia 22042

United States

703-205-8000(phone)

703-205-8050(fax)

mailroom@bskb.com (authorized).

The attorney docket/reference number is 0630-8066US1.

Robert J. Kenney submitted the following statement: The attorney of record is an active member in good standing of the bar of the highest court of a U.S. state, the District of Columbia, or any U.S. Commonwealth or territory.

The applicant's current Correspondence Information:

Robert J. Kenney

BIRCH, STEWART, KOLASCH, & BIRCH, LLP

8110 Gatehouse Road, Suite 100 East

Falls Church, Virginia 22042

703-205-8000(phone)

703-205-8050(fax)

mailroom@bskb.com (authorized).

Email Authorization: I authorize the USPTO to send email correspondence concerning the application to the applicant, the applicant's attorney,

or the applicant's domestic representative at the email address provided in this application. I understand that a valid email address must be maintained and that the applicant or the applicant's attorney must file the relevant subsequent application-related submissions via the Trademark Electronic Application System (TEAS). Failure to do so will result in the loss of TEAS Reduced Fee status and a requirement to submit an additional processing fee of \$125 per international class of goods/services.

A fee payment in the amount of \$825 has been submitted with the application, representing payment for 3 class(es).

Declaration

Basis:

If the applicant is filing the application based on use in commerce under 15 U.S.C. § 1051(a):

- The signatory believes that the applicant is the owner of the trademark/service mark sought to be registered;
- The mark is in use in commerce on or in connection with the goods/services in the application;
- The specimen(s) shows the mark as used on or in connection with the goods/services in the application; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

And/Or

If the applicant is filing the application based on an intent to use the mark in commerce under 15 U.S.C. § 1051(b), § 1126(d), and/or § 1126(e):

- The signatory believes that the applicant is entitled to use the mark in commerce;
 - The applicant has a bona fide intention to use the mark in commerce on or in connection with the goods/services in the application; and
 - To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.
- To the best of the signatory's knowledge and belief, no other persons, except, if applicable, concurrent users, have the right to use the mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other persons, to cause confusion or mistake, or to deceive.
- To the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.
- The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his/her own knowledge are true and all statements made on information and belief are believed to be true.
